

Response Dated 11/21/2005
Reply to Office Action of 10/03/2005

PATENT Application No. 10/796,042
Agent's Docket No. 16385-US

Remarks:

In response to the Examiner's restriction requirement under 35 U.S.C. 121, applicant elects with traverse the invention claimed in claims 1 to 20. It is believed that the elected claims relate to a single inventive concept. The election is made with traverse because it is believed that claims 21 to 39, can be examined without further search or undue burden.

Reconsideration and allowance are respectfully requested.

Respectfully submitted,
